

IP Address Application

Sheet ___ of ___

For on-campus use, for Faculty and Staff Only

Purpose: an IP address is a permanent network identification number for your personal computer or printer. Every computer on the Internet has a unique identifying address. There are two types of addressing: IP numeric addressing and domain names.

This form is only to be used if your computer or printer has an Ethernet connection.

Return this form to: IT Support Center - TSS 2002. Allow 2-3 weeks for processing. Your IP address will be mailed to the e-mail address you specify on this form. IT Support Center will work with you to configure your machine. For questions regarding this application call the IT Support Center at 713-743-1411.

Note: This form must be complete and accurate before processing. Incomplete forms will be returned.

PERSONAL INFORMATION		Request for: <input type="checkbox"/> Computer IP Address <input type="checkbox"/> Printer IP Address
_____		_____
